

Weekly Desktop Breach Report

Version 1 - Created 10/02/2020 - Shawn Terry

- 1 Open the **Desktop Breach Report** in GSEP.
Right-click any of the column headers, **Export, Excel (.xlsx)**

- 2 **Download** and **Open** the file.

- 3 Enable Editing on the Yellow Bar at the top of Excel.
Click the upper-left arrow on the table to highlight all the cells. **Click Wrap Text TWICE** In the **Data** tab, **Remove Duplicates** and uncheck all columns except **Task**
